

# HELPtray

A fluid resistant tray for health-care. An ergonomic stackable design. Size matches cabinets and units used in dental care. The construction of the tray keeps accessories and instruments in place. Paper tray covers are not needed. Can be cleaned and used again after procedures lacking contamination risk.

**Hygienic and durable**

**Cost-efficient:  
disposable or multiple use**

**Designed and  
manufactured in Finland**

## HELPtray medical tray

**Size:** 283 x 183 x 14 mm

**Material:** Food compliant plastic.

Recycled as waste-to-energy.

**Operating temperature:** -40...+65°C
